

FHRP: HSRP, VRRP, GLBP

Agenda

- In The News: No more 10 year plan for IT; now it's 18 months.
- Complete Ch 6 – HSRP, VRRP, GLBP
- (Coming in week 9) Ch 9 – High Availability

Assigned Readings and Lab work

- Read FLG Ch 9 – HA (15 pp.); due by Wed Mar 15
- Cisco **Ch 6** online test due before **Tue** Mar 14 @ 11:59pm
- Pre-lab and post-labs as per the regular schedule
- Lab 9: Cisco v7 labs on HSRP and VRRP

VRRP Overview

As we cover VRRP, keep asking yourself:

- Is each (generic) item of a protocol covered?
- What is similar to HSRP?
- What is different from HSRP? Which is an advantages or disadvantage?

In The News: Change in IT is relentless

Wondering if/when your job in the networking or IT field will stabilize? Be prepared for continuous learning and updating of your knowledge and skills:

"...some IT executives are focusing talent management inward and investing in their current employees who are loyal and eager to learn, adapt, and grow with their company. Curt Carver, CIO for the University of Alabama at Birmingham, said that this approach led him to do away with the 10-year IT org chart and remain more agile as technology needs change. He argues that [18-month org charts and constant training](http://developers.slashdot.org/story/16/03/08/1637201/a-new-reality-for-it-the-18-month-org-chart) are the new reality for IT, providing this example: "If you go back a couple of years ago, we were heavily involved in the storage business. Now I can buy unlimited storage from the cloud. I don't need a lot of people doing storage. In fact, I may only need one. Everybody else, I'm willing to retrain you, but you're going to be doing mobile, or you're going to be doing business intelligence, or you're going to be helping our organizations do gap analysis." <http://developers.slashdot.org/story/16/03/08/1637201/a-new-reality-for-it-the-18-month-org-chart>
