My Network Lab In Session Login Instructions

1. Go to the URL: <https://learningserviceslabs.nokia.com> and at the "Log in to:" text box enter "mynetworklab" and click "Next".
2. To login **during** your session time, **you must enter the Session ID as the username** and the Session Password as the login password.
3. After your remote session is established, the text "Full Network Access" is displayed on the top right of the page. Click the **mynetworklab** link to access the My Network Lab Personalized Page.
4. Do not close your browser window while you are using the lab because that will also close the VPN client. If you do close your browser window, you will lose connectivity to the lab and its associated services and will have to log in again.
